DR & DR DRAMA

Carly & James, had an unexpected turn of events the day before their wedding. Fortunately there had been unusually strong winds, so instead of celebrating in tipis, as had been planned, they were left to move their entire reception somewhere else!

South Coast Weddings were booked for On the Day Coordination but were happy to step in and help Carly & James reduce their stress and whilst, it was a roller coaster of a day for the couple, they dealt with it extremely well!
